

ChildSure® Playground Fencing System

Playgrounds are a community meeting place for family relaxation and enjoyment in a safe space. Choose our ChildSure® playground fencing for peace of mind that the children in your care are safely and securely contained.

- ✓ Contain children in a designated area
- ✓ Safely control access and egress
- ✓ Prevent access to hazards
- ✓ Enhance the aesthetics of the amenity
- ✓ Complies with Australian Standards
- ✓ Save time with smart hardware
- ✓ Save money buying a longer lasting fence
- ✓ Get peace of mind buying Australian made

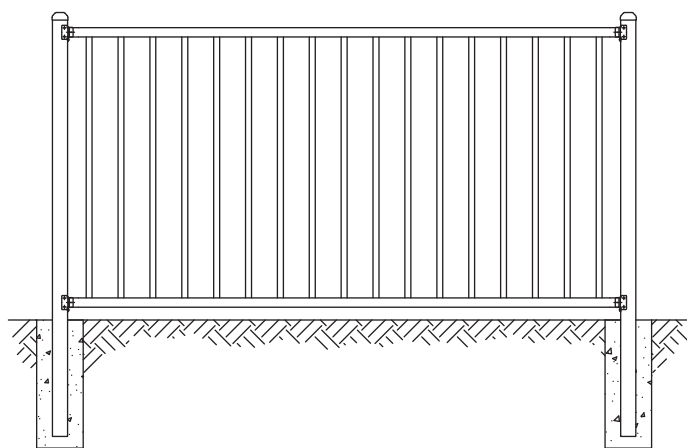

ChildSure® Playground Fencing System

ChildSure® is our proprietary fence system designed to safely contain children in designated areas, control pedestrian movement in and around child-safe areas, and visually enhance playgrounds and child-care centres.

* Please note that Rod top and Loop top styles are not recommended for child-safe applications due to head entrapment risks.
