

TopRail® Post and Rail Fence System

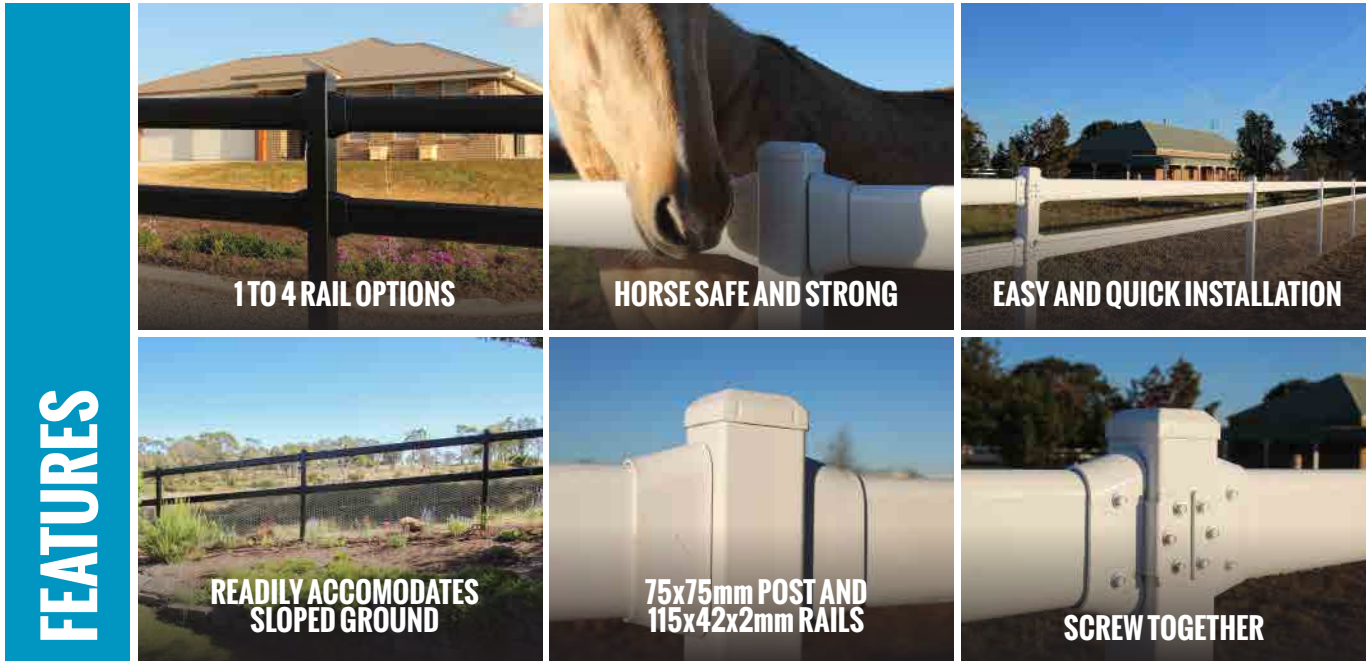

A traditional style post and rail fence has lasting appeal as a front boundary fence or framing the entrance to your home and property. Choose our powder coated steel TopRail® post and rail fencing for a fence that is strong, durable and looks smart.

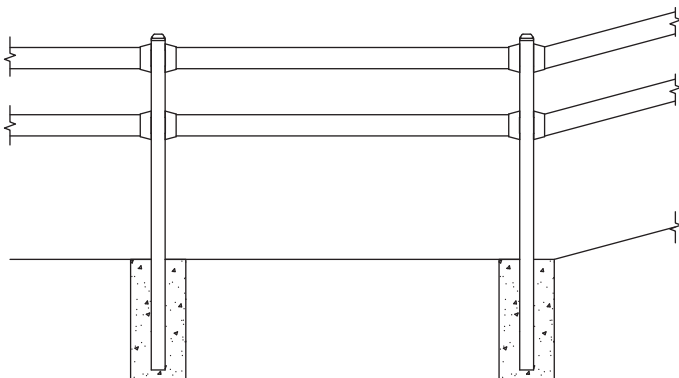

- ✓ Great as a home entrance or front fence
- ✓ Suitable for horses and livestock
- ✓ Achieves the appeal of timber post and rail
- ✓ Stronger and longer lasting than timber
- ✓ No welding or cutting on site
- ✓ No regular repainting
- ✓ Quick install with smart hardware
- ✓ Get peace of mind buying Australian made

TopRail® Post and Rail Fence System

TopRail® is our proprietary fence system that is ideal for hobby farms, rural properties, horse studs and also livestock enclosures. It is also suitable to control pedestrian and vehicle movement around open spaces.
